To whom it may concern:

Re: Randy Roberts

Randy Roberts was first employed by us in 1993 and has been our main electrician ever since.

His work has included but is not limited to the following:

Trouble shooting shorts.

Extending security lights on the exterior complex.

Wiring fresh and well water systems.

We have been extremely happy with his work.

He is always friendly and courteous and ready to help in emergencies.

We trust his advice and rely on his honesty.

Sincerely,
