

February 15, 2011

To Whom it May Concern;

My name is Richard Allen and I have known Mr. Randy Roberts for 20 years. I have hired Mr. Roberts to do both plumbing and electrical work for me on several occasions. Over the last 3 years he has successfully completed a very detailed and complicated electrical and plumbing job during the building and restoration of my home.

Mr. Roberts has shown to have a sound knowledge of every aspect of these trades including wiring for air-conditioning, panels, Belco meters, and troubleshooting. He brings years of experience and a positive attitude to each task. He has been extremely reliable, efficient and able to meet deadlines while having to work around other contractors. As a contractor myself, I sincerely appreciate both his skills and ability to get things done.

In closing, I would highly recommend Mr. Randy Roberts for electrical and plumbing contracting. He consistently provides quality work at fair prices and would be an asset to any customer. If you have any questions please don't hesitate to call for further information.

Sincerely,

Mr. Richard Allen
